## A DECISIVE BATTLE AT HANKOW

Word Flashed Across the Seas  
From Revolution's Head-  
quarters at Shanghai

REBEL ARMY INCREASED  
FROM 30,000 TO 660,000

Rebels Attack German Ma-  
rines Endeavoring to Stop  
Fighting at Hankow

SAN FRANCISCO, Oct. 17.—One  
of the decisive battles of the Chinese  
revolution will be fought within a  
few days at some point between Han-  
kow and Peking, according to a cable-  
gram received from revolutionary  
headquarters at Shanghai today by  
Tong Keong Chung, editor of the  
Chinese Free Press, one of the papers  
which is strongly supporting the re-  
bellion.

The dispatch stated that the rebel  
force at Wuchang, the revolutionary  
stronghold near Hankow, is being  
augmented from 30,000 to 660,000,  
and that about half of this number  
will be immediately sent north to  
meet the government troops moving  
upon Wuchang and Hankow from  
Peking.

FIGHTING CEASES BUT ATTACK  
ON GERMAN COLONY FEARED

BERLIN, Oct. 17.—The German  
commander at Hankow reported this  
evening that fighting there had ceased,  
but that a fresh attack on the  
German colony is feared.

Admiral Sah Chen Ping arrived at  
Hankow this evening with eight war-  
ships, and a force of 5000 Imperial  
troops.

HANKOW, Oct. 17.—Foreigners of  
all nations were in fear of violence  
here today, as the result of an attack-  
ing of the German marines by a rebel  
mob, because the Germans attempted  
to check the pillaging which has been  
uninterrupted since the rebels cap-  
tured the city. Fierce street fighting  
prevails in all quarters of the city.

CHINESE GOVERNMENT FAILS  
TO GET \$3,000,000 LOAN  
PEKING, Oct. 17.—The application of  
the Chinese government for a loan of  
\$3,000,000 from the four foreign bank-  
ing groups, representing the United  
States, Great Britain, Germany and  
France, that recently negotiated the  
\$50,000,000 currency reform loan, was  
formally refused yesterday.

The government, facing a serious  
revolution, will have to get along  
without foreign financial assistance.  
There are sufficient funds in the treas-  
ury, however, for a campaign of prob-  
ably two months.

U. S. ORDERS MARINES TO  
PEKIN TO GUARD LEGATION  
WASHINGTON, Oct. 17.—An order  
has been issued by the Navy Depart-  
ment for the immediate transfer of  
100 marines from Manila to Peking to  
guard the United States legation there.

The situation in China is regarded  
as exceedingly grave and it is feared  
that the powers may be forced to in-  
tervene. In such an event the United  
States would probably be forced to  
take a leading part as being the power  
most friendly to China.

HOPES TO REACH HALF  
WAY POINT TODAY

McALLESTER, Okla., Oct. 17.—  
Aviator Rodgers expects to reach the  
half-way point today in his transcon-  
tinent flight. He ascended here at  
7:30 a. m. bound for Fort Worth, 190  
miles away, the half way point on  
the sea to sea flight.

STATE PRINTER SHANNON SICK

SACRAMENTO, Oct. 17.—Suffering  
from a serious nervous breakdown,  
State Printer W. W. Shannon was  
taken yesterday to a private sanitar-  
ium by his wife. It is stated that his  
condition is such that he will not be  
able to take up his office duties for at  
least a month.

LA FOLLETTE SAYS  
LITTLE OF BOAST  
BY PROGRESSIVES

WASHINGTON, Oct. 17.—Senator  
La Follette today declined to com-  
ment on the endorsement of the Presi-  
dential nomination tendered him by  
the conference of Progressives in  
Chicago. It is doubtful whether he  
will have time for an adequate cam-  
paign before congress meets.

## "Blonde Boss" Is Good Man, Said Dying Sheriff

CHICAGO, Oct. 17.—The dying  
request of Sheriff Thomas Bar-  
rett of Cook County, Illinois, was  
the reason for the support ex-  
tended to William Lorimer by  
Representative Wilson of the Illi-  
nois State Legislature, so Wilson  
testified today before the Sena-  
torial committee which is investi-  
gating the charges that Lorimer's  
election to the Federal senate  
were illegal. Wilson said he voted  
for Lorimer because Sheriff Bar-  
rett on his death bed asked him  
to favor the "Blonde Boss" where-  
ever possible.

"Lorimer is a good man and  
has a fine family and he stood  
well with the Irish," said Barrett  
on his death bed, according to  
the witness.

## ITALY CALLS ON RESERVES

Reason Not Given—Censor-  
ship of Dispatches Causes  
Much Complaint

LONDON, Oct. 17.—Rome dis-  
patches today say that Italy is pre-  
paring to withdraw a portion of its  
fleet from Tripoli with the object of  
occupying several islands in the  
archipelago. The dispatches say  
that an attack on the islands is  
the bombardment of the islands are  
contemplated.

ITALIAN RESERVES CALLED  
ON TO JOIN COLORS

ROME, Oct. 17.—A special order  
issued yesterday calls upon all reserves  
to join the colors by October 18. The  
order is not fully understood here,  
as the government made the announce-  
ment recently that General Caneva  
has a force sufficient to cope with the  
situation in Tripoli.

Dispatches from Tripoli are so  
closely censored as to cause com-  
plaint among correspondents. The  
only official statements issued yester-  
day were that Boumelina Springs, evi-  
dently the water supply source, had  
been safeguarded by entrenchments,  
to prevent cutting off or being poison-  
ed by the Turks.

The Turks are said to be starving  
and suffering from fever in Tripoli.  
No news has been received from Ben-  
ghazi for more than a week, but it is  
known that Cyrenaica has not been oc-  
cupied. The Turks are entrenched in  
the Jebel Ahdar mountains.

## JUSTICE HARLAN WAS BURIED TODAY

His Supreme Court Colleagues  
Were Pallbearers; Officials  
at Justice's Funeral

WASHINGTON, Oct. 17.—Last  
respects to the memory of the late Jus-  
tice Harlan of the Supreme Court  
was paid today by the entire body of  
officials at the National capital.

Services were held at the Presby-  
terian church of New York avenue,  
and interment was made in Rock  
Creek cemetery. The burial service  
was private. Colleagues of the de-  
ceased from the Supreme Court acted as  
pallbearers. Governor Willson of  
Kentucky, who was Harlan's law  
partner years ago, was present at the  
obsequies.

POPE'S BLESSING  
SENT TO CARDINAL  
ROSARY OF GOLD

BALTIMORE, Md., Oct. 17.—The  
notable features of the second day of  
Cardinal Gibbons' golden jubilee were  
the first session of the Holy Name  
Society and the presentation to the  
prelate of a golden rosary by the  
Knights of Columbus. The rosary  
was made of gold nuggets mined by a  
Newfoundland man.

The cardinal, who spoke briefly at  
the Holy Name convention, said he  
did not know of any organization in  
the United States that has commen-  
ded itself more to the American people  
than the society of the Holy Name.  
The Pope sent his apostolic bless-  
ing through Mgr. Falconio.

LOS ANGELES, Oct. 17.—Well sat-  
isfied with his stay on the Pacific  
Coast, President Taft today left Los  
Angeles and turned his face east-  
ward on the final leg of a seven  
weeks' trip.

The President said he had enjoyed  
his visit to this coast, and had been  
much impressed with the good spirit  
and enthusiasm encountered.

Today the President started by auto  
from Los Angeles for a visit to Long  
Beach. At Long Beach he was to  
board a special train for a long jump  
to Butte. The President plans this  
long ride with its two days rest, to  
prepare for a strenuous program in  
the northwest and east.

Secret service men who guard the  
President heaved a huge sigh of re-  
lief when they saw him safely started  
eastward. Since he struck the coast,  
they have redoubled their efforts, and  
today two score of plain clothes men  
escorted him by auto out of Los An-  
geles.

PRESIDENT MADE TEN  
SPEECHES YESTERDAY

LOS ANGELES, Oct. 17.—President  
William Howard Taft yesterday made  
ten speeches in Los Angeles, Pasade-  
na and Alhambra, listened to in the  
aggregate by 30,000 while 200,000 oth-  
ers cheered him on his way as a guest  
of the Southland. His speeches were  
delivered as follows: To 20,000 school  
children at Washington Park; Praeger  
Park, the Auditorium, Buena Vista  
bridge, where he christened the  
bridge with the breaking of a bottle  
of Owens river water; Occidental  
College, Hotel Maryland at Pasadena,  
Throop Institute at Pasadena, Alham-  
bra High School, Blanchard Hall,  
where 1000 colored people presented  
the President with a golden emblem;  
Hotel Alexandria where a sumptuous  
banquet was tendered him by the pro-  
fessional and business men of the  
city.

Taft's most important speech was  
at the Auditorium to which 4000 peo-  
ple were admitted by ticket. He de-  
fended his attitude on the tariff, told  
what his appointive tariff board was  
doing, explained his vetoes of the  
woolen schedule, the cotton tariff and  
the farmers' free list bills.

His promise that the lemon situa-  
tion would not be disturbed till the  
subject could be thoroughly investi-  
gated was the most welcome utter-  
ance.

Gov. Johnson, Mayor Alexander and  
California's senators and congress-  
men were among those on the plat-  
form.

SANTA BARBARA, Cal., Oct. 17.—  
Blood hounds from San Francisco ar-  
rived at El Capitan bridge, thirty  
miles south of here, early today, to  
assist in the search for the men who  
placed 31 sticks of dynamite over the  
different sections of the 800 foot struc-  
ture. Sheriff Nat Stewart, of Santa  
Barbara, accompanied by special of-  
ficer, W. F. Wines, of the Southern  
Pacific, returned to the scene early  
and men were sent out on all trails  
terminating in mountain wilds. At  
the dynamite sticks found about the  
bridge were left untouched so the  
bloodhounds could secure a good  
scent. A reward of \$5,000 offered by  
the Southern Pacific officials for the  
arrest of the men has stimulated the  
search.

Local labor leaders declare that the  
dynamite was planted by the foes of  
organized labor for the purpose of  
creating a sentiment against the  
striking shipmen. They contend it  
was not placed there for the purpose  
of blowing up the bridge as the train  
bearing President Taft went over the  
structure, but was placed there know-  
ing it would be found later and then  
give the impression that striking  
shipmen were preparing to use violence  
to win their strike. The union-  
ists say it was merely an incident  
that the Presidential train passed  
over the bridge, and say that had  
there been a plot to kill Taft, a lone  
Mexican watchman could never have  
frustrated it.

FAITHFUL MEXICAN WATCHMAN  
SAVED DESTRUCTION OF TRAIN  
SANTA BARBARA, Oct. 17.—A  
plot to wreck the Presidential train  
by destroying El Capitan bridge north  
of Santa Barbara was thwarted yester-  
day morning by the watchman, a  
Mexican, who grove off a dynamiter  
after exchanging pistol shots, and re-  
moved thirty-eight sticks of explosive  
which had been placed in piles under  
two piers of the big steel bridge. A  
ten-foot fuse had been attached to  
each pile of death-dealing combusti-  
bles.

TROOPS TO SICILY  
TO FIND DEAD AND  
CARE FOR LIVING

ROME, Oct. 17.—Troops will be  
sent to Sicily today by the govern-  
ment to search for those killed by the  
earthquake of last Sunday night,  
and to care for the injured survivors.  
Communication with Sicily is yet un-  
satisfactory, but it is understood that  
the loss of life was heavy.

## MEXICO FACING SECOND REVOLT ATHLETICS LEAD IN WORLD'S GAMES

Madero's Election Not Legal,  
Say Malcontents—Reyes  
Is Very Bitter  
Won Third Game of Series  
Today With Score of  
Three to Two

SAN ANTONIO, Tex., Oct. 17.—  
Civil war in Mexico is expected to  
break out at any moment over the  
election of Francisco I. Madero to  
the Presidency, which his opponents  
maintain was illegal. Bernardo Reyes,  
the army favorite and receptive candi-  
date for the office of President, said  
to the United Press:

"No matter how the elections went,  
they were forced and illegal. That  
must be remembered. My supporters  
did not participate in that election,  
knowing it would not be conducted  
according to law."

Replying to what action he would  
take in regard to Madero's alleged  
assumption of the Presidency, Gen.  
Reyes said:

"What can I do? I have just got  
into my own house here and I pro-  
pose to stay here until safety in Mex-  
ico is guaranteed. At present it is un-  
safe for me to cross the border, but  
it will not always be so. Right will  
ultimately triumph and Mexico will be  
ruled as it should be."

ZAPATISTAS ROUTED IN  
BATTLE—200 WERE KILLED

MEXICO CITY, Oct. 17.—Today's  
advances from Cuernavaca say that  
Zapatistas were cut to pieces in a bat-  
tle at Tepicxian yesterday, but Zapata  
himself escaped.

The Zapatistas were caught be-  
tween the forces of Gen. Figueroa  
and Col. Banquet. Two hundred of  
them are said to have been killed, a  
large number wounded and many taken  
prisoners.

LOWER TIDE IN SAN  
DIEGO HARBOR TO  
BE MARKED BY U. S.

SAN DIEGO, Oct. 17.—From the  
line of the government reservation  
on Point Loma to the National City  
wharf, a distance of eight miles  
along the San Diego water front, the  
United States government is to make  
a final survey, determining for all  
time the lower tide of the harbor.  
Such arrangements were completed  
Saturday, and Thomas M. Shaw, har-  
bor master of San Diego was engaged  
to do the work under the direct  
supervision of Lieutenant David  
Hughes, Engineer, Coast United  
States Army. As the survey is car-  
ried on monuments will be erected  
marking the low-water line, under  
the official designation of the govern-  
ment and settling definitely the ques-  
tion of the harbor line along the en-  
tire east coast of San Diego bay.

PROVIDENCE, R. I., Oct. 17.—At  
a conference of Congregational min-  
isters from throughout Rhode Island,  
held in the Beneficent Congregational  
church here yesterday, a resolution  
was passed condemning the Rev. Dr.  
Lambert of that sect for officiating  
at the marriage of Col. John Jacob  
Astor and Miss Madeline T. Force.  
The resolution declares that any cler-  
gyman who performs such a cere-  
mony for the guilty party in divorce  
shall forfeit his standing in the  
church.

# CITY TRUSTEES ON THE WARPATH HAND OUT FEW BACK-HAND COMPLIMENTS

## New Bicycle Ordinance Brings Out a Heated Argument--Dr. Clark Wants Nurse for the Schools

The city trustees had their fighting clothes on last night. The first tilt came when J. N. Anderson went into the arena against the new ordinance allowing bicyclists to ride on sidewalks in an outside district during wet weather. Things warmed up considerably during the discussion.

When the city health officer suggested that a school nurse be appointed, he went up against a palisade. In vigorous language, Trustee Alderman expressed an opinion against medical regulations, some of which he said are "poppy-cock," and compulsory vaccination he said he considered a "outrage."

The school board and school teachers were given to understand that they are expected to pay close attention to reporting of cases of suspected contagion.

Trustee McPhee declared that he believes the promise of the Pacific Electric in regard to fixing streets is not worth a continental. "I don't want to see a city attorney instructed to 'hand it to them straight,'" (the P. E.) Billboards came in for a rap, and a bill for the courthouse float used in the Anaheim parade got a few thumps. City Attorney Heathman tried to insist that the city commence proceedings to straighten out French street between Washington avenue and Seventeenth, but he found that the trustees were doing their own driving, and would take their time about applying the whip. The city marshal came in for a jolt for not carrying out the orders of the trustees to remove a pen of jacks near the corner of Second and Spurgeon streets.

Altogether, it was a warlike session, and it was a lengthy one for it was but a few minutes lacking midnight when adjournment came.

**Danger of Epidemic**  
It was toward the last of the session that the city health officer asked the trustees to re-appoint a school nurse.

"I know the attitude of this board against a school nurse," said he. "And you know I am in favor of one. The schools at Westminster, Myford and Olinda have been closed because of contagious diseases. Schools constantly stand in danger of epidemics. The best safeguard I know of is a school nurse."

Ey. "You were requested by this

board to visit every school once a week."

Dr. Clark: "To obey that order would take all my time. I could not do anything else."

McPhee and Grubb said that they understood that the school nurse went to each teacher and asked if any of the children were ill. Why not have the teachers report directly to the health officer?

Dr. Clark: "They ought to. The law requires them to. This year there has not been a case reported to me in that way. Just now we are in a serious situation. Not through the schools, I learned of a family that had diphtheria. Those children had been going right along to First and Central schools and Commercial High School. I may be compelled to close those schools at once. We may have an epidemic. We may get off by good luck and have no more cases. We have an epidemic of mumps. Teachers do not report to me. If we had a school nurse, it would enforce reporting. The health department of this city only costs \$700 a year as it is. If we have a serious outbreak, I will be unable to handle the work I want permission from you, in case I need it, to employ assistance."

After considerable discussion in which Alderman declared against many medical regulations and in which he said he would not vote for either a nurse or another doctor until he was forced to vote, and in which Ey said that there was some opposition to the school nurse because it was thought she might favor certain doctors, McPhee moved that Dr. Clark procure what assistance he may need, and report daily to the president. If the expense runs too high, the board can be called together. The motion carried. Tedford said that the city once had an epidemic that cost \$1800 to put down, and if it had been taken in time as Dr. Clark proposes to do it would have cost far less.

Grubb insisted that the school board be made to understand that the city trustees believe that the school board ought to inform its teachers that if they do not follow the law and report cases and absences to the health officer they will be fired. Dr. Clark stated that he had been informed by parents that they believe teachers do not report cases because they like to have a high average of daily attendance, and they let children go to school with their throats swollen.

Ontario invited the trustees to attend the Ontario carnival on Oct. 19 and 20, and to ride in the parade.

The report of the inspector was that the boilers of the water works are in good condition.

Plans and specifications for additional lavatories at the city hall were presented and referred to McPhee, committee on city departments.

Peter Opp said a fire hydrant is needed on Twentieth street. Lights are needed there. The fire hydrant petition was referred to Reid, who said it would cost about \$1200 to install a 4-inch pipeline on Valencia to reach that street.

Mr. Nininger asked to save the sewer extended from Fruit across Stafford on D street. The matter was referred to Reid.

**Width of Street**  
Greenleaf reported that Dresser refuses to give his interest in the 5-foot strip on French street between Fifteenth and Seventeenth. Dresser had been misled, said Greenleaf, and Greenleaf recommended that no action be taken against Dresser.

City Attorney Heathman said he has a lot on that street and he would insist on the board doing something. He wanted to lay out a district and straighten the street.

At Dresser said his father had given his deed to the strip to keep the street from being only 50 feet wide. The south end is but 55 and he thought it would be 60. The street from Fifteenth to Seventeenth is now sixty feet, and he wants it to stay sixty feet. From Washington to Fifteenth, they can do as they please. "I think he is right," said Greenleaf.

Alderman said giving a 5-foot strip to the property owners would be giving away \$1000 worth of property.

Grubb: "You people ought to talk business with Mr. Dresser, not with this board."

The board concluded to visit the street today and investigate further.

**Scorching Some**  
J. N. Anderson remonstrated against the new ordinance allowing sidewalks in an outside district to be ridden by bicyclists when streets are

impassable. He said he thinks a great majority are against it.

"It would be one of the greatest blunders this city ever committed were the city to allow this law to stand," said he. "Confusion would follow, and it is unfair to protect some and not others. The board of education does not want it for the school children. The old law was good, and it could be enforced."

S. M. Davis stated that the law as applying to French street allows bicycles on the sidewalk on one side and not on the other. He thought the law inconsistent in its provisions. Riding on sidewalks would be dangerous to the very young and very old. Others can dodge more easily.

Mr. Pyeatte opposed the law and was against riding of bicycles on sidewalks anywhere or any time. He said his mother was ridden down by a neighbor. When requested by him, ex-Marshall Edwards and Marshal Wilson never came to his street to enforce the law. The trouble was the officers did not go out of their way to attempt to enforce the law. He would not swear to complaints because it would bring the enmity of neighbors.

C. A. Riggs said he was just outside the protected district, and he wants his place protected.

Anderson said he could get hundreds of signatures to a remonstrance. He said bicyclists would not dismount even if the law required them to dismount on meeting a pedestrian. As the law stands it requires dismounting on meeting two pedestrians.

Grubb said that since no one reports bicyclists and officers do not enforce the old law, it is better to legalize sidewalk riding than to have all riders of sidewalks be habitual law-breakers.

Anderson said no sincere effort was ever made to enforce it. It is not the many who violate the law, he said, but some few who break the law repeatedly.

McPhee moved to suspend the law until it can be amended so that sidewalks adjoining paved streets cannot be ridden upon at all and so that a bicyclist riding a sidewalk shall dismount on meeting or passing one pedestrian.

McPhee: "Mr. Anderson told me there would be thirty or forty here to-night to protest against this ordinance, and there are a half dozen or so. I am going to vote for the law when it comes up in the shape suggested in my motion."

Anderson said McPhee was mistaken about Anderson saying thirty or forty would be out. McPhee insisted his (McPhee's) memory was correct.

**Pace Gets Hotter**  
Anderson: "There never was any popular demand for this new law. I know how this law came up, and how it arose."

Grubb was on his feet. "Be specific. Be perfectly frank, Mr. Anderson. Tell exactly what you know. If there is any nigger in the woodpile, produce the African."

Anderson: "It originated right in this board. Mr. Greenleaf prepared it. Mr. Greenleaf wants to ride on the sidewalk. Someone told me that you said you wanted the law so that your children would not be breaking the law when they rode the sidewalks."

Grubb: "I resent any insinuations that this board and myself in partic-

ular had any ulterior motives. I deny that I said my children ride the sidewalks. Only one of my girls has a bicycle, and so far as I know, she never rides on the sidewalk. I did say that for the children in general it is better not to make them habitual law-breakers. It is belittling to you to insinuate that I would prostitute my office for such an end or for any end whatever that was a personal end. You do not know me as well as you might or you would not indulge in any such an insinuation."

McPhee: "You did say that thirty or forty of you would be out. Let me remind you that after this board had ordered that Sycamore street be graded through the school grounds, you came before us and informed us that our act was a terrible blunder. That is the manner in which you have treated this board."

**Some Punctures**  
Anderson: "I say now that it was one of the worst blunders you could have made."

Grubb: "I object to having you come here and saying that you could testify that a majority of the people do not want this law."

Anderson: "I did not intend to use the word testify, if I did, I talked to forty or fifty persons about it, and all but one were opposed to it."

Alderman: "In any community where there is a strong minority opposed to a law, that law is a bad law. I do not want this law if a majority of the people are against it."

Grubb: "If Mr. Anderson gets a remonstrance here showing a majority against the law, I will vote against it."

Greenleaf: "I have talked to a good many people that favor this law." McPhee's motion to suspend the law, and amend it was carried.

**Nothing Was Done**  
McPhee: "At the last meeting the city marshal was ordered to compel Stevens to move his pen of jacks off Second street. I want the city marshal to tell us if he has done anything. I see he is not here. I will report for him. He has done nothing. He gave Stevens five days to move the animals. They have never been moved. They went to two trustees and talked about it. If these animals were next to the aristocratic Methodist church they would not be allowed to stay very long. There is a small church near these pens, and it needs protection. I move that the city marshal be ordered to go down there tomorrow morning, and see that these animals are moved forthwith." Carried.

Chairman Ey was authorized to appoint some one to police Birch Park on Sundays to protect the shrubbery and flowers from vandals.

Hitherto the city has paid for the electric lights of the Public Library. Under the new contract, lights would cost \$262 per year. The city last night agreed to pay the light bills up to \$250 per year.

**Same Old Story**  
McPhee: "What the P. E. done about paving West Fourth?"

Grubb: "It is the same old story. They promised to raise the track on North Main and West Fourth and be back in a week to pave. They haven't paved."

McPhee: "We went into office on April 17. They promised in May, twice in June and about every three

## HOWARD SAYS HE HAS QUIT

Anaheim Justice of the Peace  
Believes He Is Not a  
Justice

Justice of the Peace Howard is no longer a justice of the peace, according to his construction of Amendment No. 18. He has gone out of business. He does not believe that it would be legal for him to hear a criminal case or to marry a couple as justice of the peace. He is city recorder of Anaheim, and as city recorder he can legally do some of the things that he could do as justice of the peace.

So far as can be learned Justice Howard is the only one who has quit business with the passage of the amendment. The others consider that they are to remain in office until the legislature makes some provision for putting them out of commission. The argument is used that the amendment, while at a casual reading it seems to do away with the justices of the peace, does not actually remove them. In one place it removes them, and in another it provides that the justices be paid salaries. It is argued that it will take a supreme court decision to tell just what is the effect of Amendment No. 18 or if indeed it has any effect.

At any rate, Justice Cox is still on the bench, and his wedding ceremony seems to be just as conclusive as it ever was. When he says "I pronounce you husband and wife," they go away smiling and happy, leaving the \$3 fee behind them.

## DOCTORS' PRESCRIPTION FOR ECZEMA

—The most advanced physicians of this country and Europe are now prescribing a wash of wintergreen thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. Prescription.

Dr. Holmes, the well known skin specialist, writes: "I am convinced that the D. D. D. Prescription is as much a specific for Eczema as is quinine for malaria. We have been prescribing the D. D. D. remedy for years."

I myself vouch for the D. D. D. Prescription for Eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you will call at my store I will be glad to let you have a \$1.00 bottle on the guarantee that it will cost you nothing unless you find it does the work. And you decide. For that matter a trial bottle for 25 cents ought to be enough absolutely to prove the merits of the remedy.

Drop into my store, anyway, and as I have seen a great many cases of skin trouble, I will give you free a pamphlet giving directions for bathing, diet, etc., for all kinds of skin trouble.

Ask for the D. D. D. pamphlet, "Cause and Cure of Skin Diseases." Get posted on this wonderful remedy today.

## MILITARY DRILL IS NOW UNDER WAY

Fullerton News: The Fullerton Union High School boys have taken advantage of the new law permitting military drill in the high school. They organized a company of 56 boys, Tuesday, Oct. 10, and elected officers as follows: Julian S. Gohar, captain; Stewart Miller, first lieutenant; John M. Ortega, second lieutenant. The state will furnish uniforms. The boys have a special cadet uniform which will be furnished at small cost. The gymnasium periods have been devoted to this work and will be so until we get a gymnasium. The company voted to drill on each Friday noon and asked for the National Guard officer to inspect and drill once each month on a Saturday afternoon.

## 100,000 POUNDS OF TEA HELD UP BY NEW TREASURY RULES

WASHINGTON, D. C., Oct. 17.—The Treasury Department has issued stringent prohibitive regulations against the admittance into this country of Chinese teas treated with ultramarine, indigo and Prussian blue and gossed with talc and soapstone, these colors being injurious to health.

Dr. Wilton G. Berry, chief of the department, were ordered to day from their posts at New York to San Francisco to see that the orders of the department requiring the return or destruction of the condemned teas were carried out. It is estimated that more than 100,000 pounds of tea now held up at various ports, mostly on the Pacific, are affected by the new regulations.

## PRESENT DAY CLUB HAS RATHER LIVELY MEETING

Demonstration of the Fact That Women Will Not Always  
Vote as their Husbands Do—Club Refuses to Declare Itself on Military Training in Public Schools—Present Day Tendencies in Religion.

If that man or those men, or that woman or those women, who thinks, or who think, that women will vote the way their husbands vote, and that, therefore, votes for women "don't mean nothing, anyway"—well if he, she, it or they had attended the meeting of the Present Day Club last evening, he, she, it or they would have changed his, her, its or their mind or minds.

Now, what do you think of that sentence written by one who isn't a lawyer?

Well, it was this-a-way: Somebody moved that the December meeting be given over to the ladies for the discussion of constructive policies from the women's point of view—in other words that it was to be "put up to" the women to provide subject and speaker and to "make good" generally as managers of a "closed" club meeting and as sovereign citizens.

Nothing doing. When the affirmative vote was taken every man in the house voted aye. When the negative vote was taken every woman in the house voted aye. A division (count) was called for, and on a rising vote, despite the "looks" and even nudges the men gave their wives, not a woman would vote in the affirmative, and there being two or three more women than men present the motion was lost.

Another interesting thing happened at that meeting. S. M. Davis, who came in after "new business" had been passed, near the close of the meeting moved that the club declare itself as opposed to military training in the public schools. Somebody seconded the motion.

Rev. W. H. Wotton demurred. He said that the matter was of too great importance to act upon without discussion and deliberation, for which it was then too late. Mr. E. M. Neal thought so, too. He said the only question unsettled in his mind was—"Would military training in the

public schools foster the military or war spirit? It it would, he would oppose it; if it wouldn't he would favor it. He thought it wouldn't."

Mr. Wotton moved to lay Davis's motion on the table, and on the table it went with a bang.

But that isn't saying the Present Day Club favors military training in the public schools; it simply means that the club is jealous of its reputation for acting advisedly and conscientiously and with good judgment.

The paper of the evening was read by the Rev. Mr. Wotton, rector of the Church of the Messiah (Episcopalian), on the subject of "Present Day Religious Tendencies."

The essayist characterized the multiplicity of churches (sects, creeds and doctrines) as a terrible economic waste of both moral and physical values. Of course this was only an incidental phase of the subject of the paper, as it was handled by Mr. Wotton, but it invoked most of the discussion. Revs. Garnett, Stephenson and Russell all dissented most strenuously. However, it was agreed, by Mr. Stephenson at least, that there might be a consolidation of the different Presbyterian churches, and that the various kinds of Methodists and Baptists might get together, and even that the Presbyterians and Congregationalists might unite, but further than this he refused to go. These and other speakers seemed to hope for unity but not for uniformity.

Mr. Wotton's paper was largely a review of a magazine article by Bishop Williams on "The Conflict Between Religion and the Church." He described the Bishop as a "religious insurgent," with limitations, and his own attitude was, by the same token, rather a mixture of religious stand-pat and further or unlimited religious insurgency. He took issue with the Bishop on some points and would have had him go further in some directions.

## DANDRUFF, FALLING HAIR STOPPED

Harmless, Old-Fashioned Remedy Brings Back Color to Gray Hair and Makes It Grow.

How many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old-time, tried remedies. For instance, for keeping the hair dark, soft and glossy nothing equals our grandmothers' "sage tea." Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays, when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Rowley Drug Co.

## TO ISSUE BONDS AND BUY TRACKS

Santa Fe Stockholders Are to Hold an Important Session October 26

The stockholders of the Santa Fe railroad system will meet on October 26, and several of the most important steps in the history of the road will probably result from the session.

Approval will be asked for the issuing of \$100,000,000 convertible bonds.

Another of the important matters will be the discussion of the proposal to purchase from the Southern Pacific the line extending from Needles across San Bernardino county to Mojave.

If the proposed bond issue is approved by the stockholders, and there is every expectation that it will, it is provided that the directors from time to time may issue the bonds under such terms and conditions as they deem expedient.

The completion of the double track of the Santa Fe its entire length from Chicago to the coast is one of the important proposals to be carried on by the sale of the bonds. The double track is now completed from Chicago to Kansas City and various shorter stretches have been completed farther west.

The double tracking and either a reduction in the grade or tunneling of Cajon Pass are badly needed. Local Santa Fe officials say a 2 per cent grade is under consideration for the eastbound line, leaving the present track for west-bound trains. The heavy climb is east-bound.

President Ripley has recommended the purchase of the line from Needles to Mojave. For years track has been leased by the Santa Fe from the Southern Pacific. It forms a portion of the Santa Fe main line for both Los Angeles and San Francisco. The officials ask the authority of the stockholders to issue general mortgage bonds for this purpose, under a clause of the mortgage which still authorizes the further issuance of about \$6,700,000 bonds.

The stockholders will also be asked to approve and confirm the leases to the Santa Fe of the Kings River railway, the Laton and Western and the Garden City, Gulf and Northern, and the purchase of the capital stock and bonds of the last named road.

**RULES FOR PROTECTION AGAINST TUBERCULOSIS**

"Keep as well as possible, for the healthier your body, the harder for the germs of tuberculosis to grow therein. To keep healthy, observe the following rules:

"Don't live, study or sleep in rooms where there is no fresh air. Fresh air and sunlight kill the tubercle bacilli and germs causing other diseases. Therefore, have as much of both in your room as possible.

"Don't live in dusty air. Keep your rooms clean. Get rid of dust by cleaning with damp cloths and mops.

"Don't sleep with a dry broom.

"Keep at least one window open in your bedroom at night, and air the room two or three times a day.

"Don't eat with soiled hands. Wash them first.

"Don't put your hands, pencils, or any candy or chewing gum other persons have used, in your mouth.

"Don't keep soiled handkerchiefs in your pockets.

"Take a warm bath with soap at least once a week.

# What are they Going To Wear This Fall?

Haven't you heard this question discussed time and again over chocolate cups or back yard fences? Isn't this one of your annually recurring problems? Of course you want your tailored suit to be just right—it always makes one feel better to know that it is just right—it always makes one feel better to know that it is just right, style, color, fit, hang, and all. Then let us show you our new Fall line.

## Handsome Tailored Suits You Ever Saw Styles Just Right, Quality and Prices Right

Styles just right, Quality right, Prices right is a strong assertion, but we know we can prove it to you if you will give us the privilege of showing you these handsome new garments. Mannish cloths, smooth cloths, rough mixtures, tweeds, and chevviots—all are shown made up in trim Fall models. We have colors to suit all complexions and tastes—browns, tans, grays, blues, and black. These are the most serviceable shades.

The jackets are cut in one to four button models, made with mannish lapels and collars, neat watch pockets, and every line trim and smooth. They are full satin lined, and even the dress shields are satin lined. The very best hair cloth and tailor's canvas are used in the construction, which does away with heavy padding.

Another advantage in buying a suit here, we have an expert tailor in charge of our alteration department who will guarantee a fit and satisfaction.

Now as to prices, we have a special line to sell close at \$15.00, which is the best we ever saw for the money. We can also please you with a \$12.50 suit or a \$32.50 suit, according to your taste and pocketbook. Let us show you our line the next time you come in—you are welcome to look as much as you please.

## California: It's History and Romance

By JOHN S. MCGROARTY

California's Most Loved Writer, Word Painter, Historian and Poet

### The Book

was written to meet a special demand. It is the only one-volume history ever published which gives the whole story of California. Thoroughly indexed, reliable, righting many wrongs, condensed into ten chapters, more interesting than a novel and is, all in all, the most wonderful, fascinating, interesting and valuable work ever published in California. Splendidly bound, size 9 1/2 x 6 1/4, about 400 pages, printed in good readable type and beautifully illustrated.

### What It Means to California

The author has made this history a book that will stand for all time to come as a "Mastery Literary Production." It will be purchased by thousands of tourists and eastern people who are contemplating a western tour, as a guide. It will prove one of the greatest advertisements for California ever published and is just the book for you to send to any relative or friend whom you are anxious to have come to California, because it will make them want to come. California's story told as only John S. McGroarty can tell it.

### What Has Already Been Done

\$10,000.00 worth of these histories have already been sold to private individuals in advance of its publication. Many leading lawyers, including the supreme court, bankers, doctors, capitalists, manufacturers and real estate men of the state are already patrons of the work. Its greatest endorsement is its author. Some of the leading historical critics have been secured to review the work in MS form and they pronounce it the best that has ever been written on California, and in unsurpassable style and form. 25,000 copies will be sold in California alone for Christmas presents. It will be the best present in the "book world" for members of your family, especially for students, and for eastern friends. The rush on the book is now on, and we advise that you place your order at once with your bookdealer for future delivery, as you may appoint to insure its delivery.

The Grafton Publishing Company, publishers of the West Coast Magazine, are the publishers of "California: Its History and Romance." In order that it may help the publishers in the rush that is now on and assure you the copies wished, the following coupon has been made to carry a cash value if used prior to October 15, 1911.

The publishers urge the use of this coupon as it will greatly aid in the publishing of the work. It is absolutely the same as cash, as the retail price is \$3.50 per copy.

### CONTENTS

- 1—The Land of Heart's Desire.
- 2—When California Began.
- 3—The Story of the Missions.

"Don't neglect a cold or cough, but go to a doctor or a clinic."

"Following these, the card gives simple rules for the treatment of tuberculosis, as below:

"Don't waste your money on patent medicines or advertised consumption cures, but go to a doctor or a clinic. If you go in time, you can be cured; if you wait it may be too late.

"Don't drink whiskey or other forms of liquor.

"Don't sleep in the same bed with anyone else, and if possible, not in the same room.

"Good food, fresh air and rest are the best cures. Keep out in the fresh air and in the sunlight as much as possible.

"Keep your windows open winter and summer, day and night.

"If properly wrapped you will not catch cold.

"Go to a sanitarium if you can, and before it is too late."

As many children and grown up people have tuberculosis without knowing it, and can give it to others about them, the following rules for everyone to follow are suggested:

"Don't swallow your expectoration, but—

"Don't spit on the sidewalks, playgrounds, or on the floors of hallways of your home or school. It spreads disease and is dangerous, indecent and against the law.

"When you must spit, spit in the gutters or into a spittoon half filled with water.

"Don't cough or sneeze without holding a handkerchief or hand over your mouth or nose."

## "REFERENDUM" IN OUR CITY AFFAIRS

The last legislature provided the initiative and referendum for cities of this state, and that law ought to be lived up to in spirit as well as in letter. This remark is called forth by reason of the controversy that is now on concerning the law recently passed by the Board of City Trustees regulating the riding of bicycles on sidewalks.

The state law providing referendum lays down the rule that all ordinances passed by the City Trustees shall not go into effect for thirty days, excepting those ordinances which, in order to assure public safety, should go into effect immediately. If within the thirty days the people see fit to take action to have the law submitted to the people they may do so. In case there is an emergency, and it is necessary to pass a law immediately, a clause to that effect is set forth in the ordinance, and the ordinance goes into effect upon publication and without waiting thirty days.

It is to the emergency clause that the Register desires to call attention, for the city attorney seems a little too prone to make use of that clause in any and every ordinance for which there is any reason for haste, and possibly at times when there is no reason for haste.

There was no objection when it was used in the ordinance setting a new rate of nine cents for electricity, though probably the law had to be strained to the limit to make the emergency clause applicable. The people of the city recognized that the Trustees were in the course of carrying out a compromise agreement with the Southern California Edison Co., and no one had fault to find with the use of the emergency clause and the setting aside of the referendum.

Then came the sidewalk ordinance. Santa Ana had an ordinance under which she had moved and had her being for many a long month, with but few alterations. The Trustees proposed to amend that ordinance by establishing a district, outside of which bicycles could be ridden on the sidewalks when the streets became impassable for a bicycle. The city attorney tacked on the emergency clause, and the law went into effect immediately. That it was an ordinance to which the emergency clause should not and could not have been applicable is shown by the fact that last night the City Trustees suspended the operation of the law, two weeks after it went into effect.

The emergency clause should be reserved for emergency cases, for epidemics, for protection where there is some real need for quick action, and should not be applied to any and every minor police regulation and other matters which may be held in abeyance for consideration and popular approval without menace to the public welfare.

## IT'S A GOOD THING

Now that California is included in the bright galaxy of states where women may vote, the interest is greater than ever in the questions that naturally come to mind in relation to the effect of the new political status.

Women now vote on equal terms with men in Colorado, California, Idaho, Utah, Washington and Wyoming.

The questions as to proportion and class of the woman vote are answered by Colorado. The experience of that state shows that only a few society women and women of the underworld stay away from the polls. In Colorado women are only 42 per cent of the population, but they cast 45 per cent of the vote. At the last election in Denver women cast 55 per cent of the vote in the best residence district, and only 4 per cent of the vote in the "slum" ward. In Idaho "objectionable" women are forbidden to register.

Does woman suffrage decrease marriage?

No. It increases it. In Wyoming and Idaho a larger percentage of women are married than in any other state of the Union.

Does woman suffrage increase divorce?

No. It decreases it. Where women have voted the longest, divorce is only one-eighth as frequent as in similar states where they do not. In New Zealand divorce has decreased 77 per cent since women began to vote.

Are women compelled to vote in the suffrage states?

No; nor the men. In 1904, 7,000,000 qualified voters in the United States failed to vote for President.

This may sound like an argument in favor of woman's suffrage. It is. And it isn't superfluous either. Al-

though equal suffrage has been won in California, there are lots of people, both men and women who need to be convinced that it is a good thing.

## ALL THINGS POSSIBLE

A visiting card recently dropped by a lady getting off a Los Angeles car at the corner of Main and Fourth streets, Santa Ana, was picked up by a Santa Ana man. On the reverse side in fine feminine penmanship was written: "Be sure to come this evening. Eugenics will be discussed."

This leads to the reasonable surmise that, now woman suffrage in California is assured, it is possibly probable women voters may agitate a cherished scheme to secure early passage of a law of Eugenics; that is, all candidates for matrimony shall be required to obtain certificate of mental fitness before marriage license can be issued; if moral fitness were included their intention would be roundly complete.

## AVOID DECEPTION

Use Newbro's Herculide Instead

—Wearing artificial hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism.

Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair.

Most ladies would resent any imputation of personal carelessness and neglect. And yet very many women permit their natural hair to become so dull, brittle and lusterless that it looks no better than the artificial.

All this is as unfortunate as it is unnecessary. Hair that is unsightly or thin may usually be attributed to the malevolent activity of the dandruff germ. This vicious germ burrows down into the hair follicle, shortly destroying its life. The hair becomes dead, loose and finally drops out.

There is a remedy sold by all druggists, the intelligent use of which will kill the dandruff germ. It also cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty.

That remedy is Newbro's Herculide, the Original Dandruff Germ Destroyer. This preparation in one dollar size bottles is sold and guaranteed everywhere.

Applications may be obtained at the hair barber shops and hair dressing parlors.

The Herculide Co., Dept. R, Detroit, Mich., will send a nice sample and booklet to any address upon receipt of 10c in postage or silver.

## Free Piano Tuning

"Landlords are cursed up hill and down dale for neglecting the welfare of their tenants," said the man, "but heaven knows they promise to do enough. Anyhow, our landlord does. The circulars he issues every little while setting forth the advantages to be gained by living in one of his houses winds up with 'his alluring statement':

"Insects exterminated and pianos tuned free every three months."

"It was the piano proposition that fetched us. All the other promises for providing comforts and conveniences have been made by a thousand other landlords, but the free tuning of pianos was new and worth investigating."

## For Ironing Stand

Many housekeepers of experience still cling to the iron or the asbestos rest for flatirons. An ordinary brick is far more satisfactory, as it is a non-conductor of heat, and an iron resting on it does not cool off as quickly as when on iron or other substance.

## Our Washington Letter

WASHINGTON, D. C., Oct. 13.—Low wages, compared with the American standard, are paid to railroad employes in Baden, according to a report by U. S. Consul S. H. Shunk, stationed at Mannheim, Germany. The average yearly wages of engineers are given as \$767, firemen \$588, brakemen on freight trains \$442, switchmen \$339, passenger conductors \$725 and passenger brakemen \$478. The lowest wages, \$305, are paid to the assistant switchmen. The total number of officials in the railway system is 11,825 and of workmen 15,854.

The mileage of the state system is 1070 miles. In the last year 53,029,208 persons were carried 730,050,961 miles, with a good record as to accidents.

There were 39 accidents last year; 2 passengers were killed and 31 injured, 23 employes were killed and 48 injured, and 11 others killed and 6 injured, making a total of 36 killed and 85 injured.

Craze for the ownership of autos in England has struck a hard blow at other lines of business. Conditions are described by Consul Albert Halstead, at Birmingham, who says in a report:

"The increased use of the automobile in England, while it has brought

prosperity to the automobile and cycle makers as well as to those who deal in accessories, automobile clothing, and other articles attached to the trade, has apparently had a correspondingly detrimental effect upon some other businesses. For instance, one of the leading house painters and decorators in Birmingham tells the writer that people are spending their money on automobiles and their up-keep instead of on the redecoration and painting of their houses, so that his business had been seriously affected.

"People, he stated, were living more in hotels and on the roads. This was confirmed by the head of the largest furniture and house-furnishing store in the Midlands. The furniture trade, he was stated, had been seriously affected by their desire for the automobile. People are spending less time at home, caring less for the attractiveness of home, and devoting their surplus money, and even more than their surplus, to the purchase of automobiles and their up-keep; many, it being stated, purchasing motor cars without any idea as to the cost of their maintenance and the loss through depreciation. The hope and belief was expressed, however, that as the British people are home loving, the present craze would eventually subside."

## OUR FOREIGN LETTER

LONDON, Oct. 16.—While a Royal commission is sitting to consider the grievances of English railroad men, a dozen army officers are mapping out London from a military point of view, in anticipation of another general strike.

The authorities are convinced that England is due for a long period of industrial unrest and they propose to be better prepared for the next outbreak than they were for the last one. At that time, when it became necessary to distribute 30,000 troops throughout the city, there was considerable confusion and loss of time. Now all strategic points are being noted and plans made for rushing soldiers from place to place, as they are needed.

If it were admitted that the War Office were engaged in such a work there would be a great outcry by anti-militarists, so the army officers have ostensibly merely been lent to the police department, which pretends to have the matter in hand. It is said others cities will soon receive similar attention.

## Progress Toward Home Rule

LONDON, Oct. 16.—"What we mean by home rule is the continuous government of Ireland, according to Irish ideas, carried out by Irish ministers responsible to the Irish people—servants of the crown but not holding office at the will of a parliament at Westminster."

Thus concisely does John Redmond define home rule, in a preface to Stephen Gwynn's book, "The Case of Home Rule," just published. It is the first time that the United Irish League's demands have been stated in comprehensive terms. Continuing, Redmond says:

"In other words, we ask that laws relating to Ireland alone shall be made by a popularly elected assembly sitting in Ireland, having leisure to deal with the necessities of the case and possessing first-hand knowledge of them, and that responsibility for the administration of Ireland shall be confined to a ministry chosen by Ireland, and going out of office when Irish public opinion demands a change."

Redmond also appeals to England to do for Ireland what it has done for South Africa. "What lies at the root of the controversy," he points out, "is a feeling in the 'dominant partner' that to concede Ireland's demands would be to accept defeat, that justice cannot be done without admitting injustice in the past, and that Ireland's victory would be England's humiliation. Such an attitude of mind is natural enough after a struggle so protracted, yet it is unworthy of a great country. On such a matter statesmanship and generosity go hand-in-hand. That has been proven in South Africa. Ireland remains to confirm that noble example."

The home rule bill will probably be introduced in the English parliament next February, after a six months' agitation in its favor. The House of Commons will certainly pass it. In the House of Lords it will just as certainly be rejected. This is natural. The "absentee landlords" who own most

of the country and want to run it in their own interest are mainly members of the Lords and hate the idea of home rule venomously.

The Lords' rejection, however, will not necessarily mean the loss of the home rule bill. The law recently passed depriving the House of Lords of its veto power provides that a bill thrice passed by the Commons shall become law even without the upper branch's consent. Thus it is possible that home rule will be forced through in record time.

As against this, it is an old established rule, though not a law, that important issues upon which there has been no popular vote, should be submitted at general elections. If there seems, therefore, a strong sentiment in favor of a referendum on home rule, parliament will undoubtedly be dissolved and a new one elected to dispose of the question. And those best acquainted with English politics say that if this happens, the new bill will not only call for Irish but for Scotch and Welsh home rule as well.

From "Willie" Redmond, John Redmond's son, the United Irish League has already received \$50,000 as the first installment of a campaign fund which the Irish in Australia are subscribing and another \$25,000 is promised. In addition to this the Irish everywhere, rich and poor, are sending money to the league's headquarters. The movement will not lack funds.

## Insurance Monopoly in Italy

ROME, October 16.—Announcement has been made by Premier Giolitti that immediately upon the assembling of Parliament early in November the first measure to be taken up will be his bill creating a government monopoly on the life insurance business out of the profits of which the government will establish an old age pension system. The bill was introduced last spring but went over until this fall for passage and according to Premier Giolitti will now be given precedence over all pending legislation.

Aside from being one of the strongest socialistic measures that the government has yet undertaken to pass, the bill is unusually drastic in that it wipes out of Italy all the foreign insurance companies without giving them any compensation for the loss they will sustain. American companies will be especially hard hit, should the bill pass, for in addition to the large amount of business done by them in Italy they also have vast

## Dr. Wiley Commends Cotton Oil

For over quarter of a century Dr. Wiley, the famous government expert, has conducted an active campaign for pure food in the interest of public health. His advocacy in a recent speech of the use of Cotton Oil as a food is, therefore, especially significant; it simply emphasizes the wholesomeness of Cotton—the vegetable oil shortening—which is composed so essentially of Cotton Oil, the use of which he so strongly recommends. Cottonseed is endorsed by physicians generally, because of its purity and wholesomeness. It has been the leader in Cotton Oil products for over twenty-five years.

sums of money invested here.

There is every indication that the bill will be bitterly fought but Premier Giolitti will have the support nevertheless of all the extreme parties, the radicals, socialists and republicans, all of whom are well represented in the Italian Parliament.

## Romance Brought no Regrets

SWITZERLAND, Oct. 16.—Princess von Schwarzburg-Sonderhausen, now Freifrau Charlotte Amalie von Jud, the oldest member of European royalty, whose love, romance and marriage more than sixty years ago created a sensation, has just celebrated her 95th birthday. She fell in love with a simple citizen soldier, Hans Heinrich Jud, an instructor in the Swiss artillery and married him, although he was nine years her junior. Her husband died after eight years of the happiest of married life. The Princess never remarried and to this day maintains that she never regretted her choice.

PARIS, Oct. 16.—President Jammes, of the Tatiere Chamber of Commerce, is heading a movement to induce the French Chamber of Deputies to pass a law, if possible, to stop women from wearing the "hobble skirt."

Manufacturers, spinning mills, dyers and all kindred industries, have had to lay off employees and cut down their output to about half what it used to be on account of the small quantity of material necessary for a hobble.

But the style-makers promise no relief. The United Press correspondent who made the rounds of the big dress-making establishments, was told by all that the fall and winter styles would not be greatly changed from those of the past spring and summer. Without exception the great gown makers expressed a desire for wider skirts, but to a certain extent the wills of clients had to be respected, they said, and clients demanded the exaggerated hobble.

M. Jammes is working in conjunction with other chambers of commerce and in absolute seriousness but his job is considered hopeless.

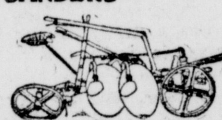

MacDonalds Bury the Hatchet

GLASGOW, Oct. 16.—The Clan MacDonald has buried the hatchet. After 300 years of strife among the three factions of the clan, their leaders have signed a treaty of peace. The chief of Glengarry, the chief of Sleat and the Chief of Clanranald were brought together by Sir Alexander MacDonald at a meeting of the general clan. Each had strenuously contended for the honors of supreme chieftainship. Sir Alexander proposed the simple expedient of tossing a coin. This was accepted, with the proviso that the coin be tossed on each occasion when there should be a clash as to precedence, the winner to be the chieftain for that particular day.

## Social and Club Circles

### Wedding Anniversary

Saturday, Oct. 14, was the date of another historic event in the domestic circle of Mr. and Mrs. E. L. Morrison of East Seventeenth street, being the completion of twenty-five years of wedded life. In honor of the silver wedding day they entertained a few of their friends at an elaborate six course luncheon. The decorations were of lavender and white, the same as were used at the wedding twenty-five years ago. The color scheme was further carried out in the beautiful hand painted place cards.

The bride of a quarter of a century was attired in the wedding gown which she wore on her wedding day, a white albatross trimmed in real silk lace and pearls, with elaborate hand embroidery. She wore orange blossoms in her hair, and altogether presented a charming picture, while the groom retained the vigor and buoyancy of youth.

Covers were laid for the bride and groom, Messrs. and Mesdames Stephen Ross, A. W. Ames, G. E. Shriver, G. A. Howell.

Mr. and Mrs. Morrison received a number of silver remembrances, tokens of the love and esteem of their friends.

The afternoon following the luncheon was spent in social conversation and a general good time. The happy event was concluded by wishes from the company that Mr. and Mrs. Morrison might enjoy many more happy anniversaries of their wedding day.

### To Form Civic Club

Members of the Ebell Club desirous of forming a civic section are asked to meet at the home of Miss Cubbison, 1119 North Main street, at 2:30 Thursday afternoon.

### Birthday Surprise

Yesterday was Will Warren's birthday, and at 6:30 o'clock in the evening a number of his friends took him completely by surprise by walking, unannounced, into the Lea Warren home on Parton street.

The affair had been arranged by his mother, Mrs. Lea Warren, who had sent out dinner invitations to a number of Will's boy friends. The delicious dinner was served shortly after the arrival of the guests, and was followed by another surprise for Mr. Warren, the boys presenting him with a handsome gold stick pin. Malcolm Tedford made the presentation speech, which was responded to with a few heartfelt words of appreciation by the young man who had been so pleasantly remembered.

Covers were laid at the dinner for Messrs. Malcolm Tedford, Stewart

and Carson Smith, Carson Smart, Paul Anderson, Donald Andrews, Emmet Raitt, Ralph Layton, Lamont McPadden, Leroy Warren, Will Warren.

### Mothers' Meeting Tomorrow

An interesting program has been arranged for the mothers' meeting to be held at the high school tomorrow afternoon at 3 o'clock. It is given below:

Chorus—High School Girls.  
Open Sessions—Mr. Bartlett. Discussion, Mrs. Z. B. West, Mrs. C. W. Burns.

Song—Little Girls.  
Domestic Science—Miss Hinkston. Discussion, Mrs. Geo. Hell, Mrs. W. L. Grubb.

School Activities—Mr. Ratcliffe. Song—Miss Taylor.  
Parent-Teachers' Association—Mrs. W. B. Tedford. Discussion, Mrs. J. T. Raitt, Mrs. C. C. Violett.

Present Conditions—Mr. Cranston.

Travelers Number One  
Owing to the fact that a large number of people went to Los Angeles yesterday to see President Taft, the Travelers' meeting of yesterday afternoon was not as largely attended as usual, several of the Travelers having joined the pilgrimage to the Angel City. However, those who were present at the first study meeting of the season had a most delightful afternoon, the hostess, Mrs. L. C. Skinner, of 1104 North Main street, entertaining the ladies in her own gentle, gracious way.

The beautifully cool parlors seemed especially comfortable after a drive or walk through the superheated air that prevailed yesterday for several hours. The study of "All the Russias" was begun yesterday afternoon, and the volume promises to be as fascinating as well as instructive.

Following the study period cooling ices and cake were served while the ladies chatted through a pleasant half hour.

Travelers Section No. 2  
This section of the Ebell Club met yesterday afternoon at the home of Mrs. Dr. J. E. Paul with a good attendance and a most interesting study, as well as a pleasant social time.

The subject for study was "England," and it proved fruitful, interesting and profitable. One of the enjoyable sidelights of the afternoon's study was the reading by the president, Mrs. C. F. Crose, of Gray's Elegy, written in a country graveyard, that famous composition that has elicited favorable criticism as one of the finest and most finished of poetical writings.

U. B. C. Tea Postponed  
The tea that was to have been given by the U. B. C. at Mrs. Dr. Layfield's next Thursday, has been postponed until next week, Oct. 26.

Farewell to Miss Connor  
The ladies of the First Methodist church will give a farewell reception tonight at the church for Miss Olive B. Connor, who leaves Friday for St. Louis to meet the general executive committee of the Woman's Foreign Missionary Society on Oct. 23, later going on to New York, from where she will sail for India to engage in missionary work.

A good program will be given tonight and the public generally is invited to be present.

Surprise at Rice Home  
A jolly surprise party took place last evening at the residence of Mr. and Mrs. Rice on Fifth and Parton streets. The occasion was Mr. Rice's

birthday, and his wife was mistress of ceremonies. She had quietly invited as guests the members of the Philathea and Baraca classes of the Methodist church, South, of which she and her husband are respectively members. Other guests invited were members of the Philathea Class of El Modena, to which Mrs. Rice formerly belonged.

After a merry evening refreshments of delicious variety were served by Mrs. Rice.

Those present were Mr. and Mrs. Rice, Mr. and Mrs. J. G. Morrow, Mr. and Mrs. Kinslow; Misses Nellie Crist, Lydia Spurling, Marie Beymer, Josie Crist, Callie, Olive and Una McCallum, Hazel Rowley, Edith Wells, Nancy Elder, Florence Dolg, Hazel Stockslager, Alice Wasser, Nettie Howe, Zoe Vanderlip, Dortha Harding, Freddie Moesser, Myrtle Reeves, Jeffie Files, Carrie Files, Helen Johnson, Kate Kelly; Messrs. Floyd Hadley, Arthur Anderson, Glenn Tidball, Chas. Tidball, Hubert Schenk, Jasper Osborn, Halsey Lamme, Lynn Shrewsbury, J. V. Woodsides, Mr. Gleason, Ralph Johnson.

Brotherhood Banquet  
The Brotherhood of the Congregational church will have a banquet in the church dining room tomorrow evening at 6 o'clock, to which all men are invited.

Following the banquet, J. P. Baumgartner will address the company on Conservation, giving a review of the principal work done at the recent Conservation Congress in Kansas City. Mr. Baumgartner represented the California Conservation Commission, of which he is a member, at the congress.

Starrett-Petersen  
Miss Rose Petersen was married today to Dean Starrett of Riverside, the wedding taking place at the Louis Petersen home, 1207 Spurgeon street, Rev. J. H. Garnett pronouncing the ceremony.

Mr. and Mrs. Starrett left for their future home in Ontario soon after the ceremony.

Three-Fourths Are Women  
Careful observers among the medical profession estimate that of those who seek the services of a physician three-fourths are women.

Many of these women are without question in need of surgical treatment, but perhaps the majority of them will be greatly benefited by medical treatment only.

In the course of treating such ailments, physicians have demonstrated beyond question the value of certain drugs in their treatment and, following the formula used by a physician especially successful in such cases, Rexall Vegetable Compound has been placed upon the market.

Many women have learned by experience that their ailments were of such a nature that they themselves might administer satisfactory treatment. While we do not strongly advise that you consult with your physician, we cannot speak too highly of the value of Rexall Compound for use in such cases.

Please remember that Rexall Vegetable Compound can be obtained only at our store—The Rexall Drug Store. Large bottles \$1.00. Dean's Drug Store.

All members are requested to be present tonight. Important meeting. Initiations, and also to make arrangements for W. O. W. funeral tomorrow.

CNG BEACH POSTMASTER CHOSEN TONIGHT BY ELIMINATION  
LONG BEACH, Oct. 17.—Following the banquet to Congressman Stephens Saturday night, when Congressional representatives refused to consider the name of any candidate for local postmaster unless the candidate was unanimously endorsed by the Lincoln-Roosevelt party, friends of the five candidates are busily engaged in getting the necessary support. The problem that confronts the Congressman will be solved by elimination, at a meeting this evening.

THE DOCTOR'S QUESTION  
Much Sickness Due to Bowel Disorders

—A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly, and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea, or other annoying effects. They are especially good for children, weak persons, or old folks. Three sizes, 10c, 25c, and 50c. Sold only at our store—the Rexall Store, Dean's Drug Store, 104 West Fourth street.

## END STOMACH TROUBLE NOW

Dyspepsia, Gas, Heartburn, or Indigestion Go in Five Minutes

—As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapessin in the house handy? This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapessin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes, and relieves at once such miseries as belching of gas, eructations of sour, undigested food, Nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which, putrefies in the digestive tract and intestines, and besides, poisons the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapessin.

**A Tragic Incident**  
A druggist and his assistant were sadly worried recently. A little girl, probably six years old, wandered in, sobbing bitterly. She was lost. As long as she cried nothing could be done, for she was the only one competent to give the name and address of the lost home. Working under this theory the druggist fed her chocolates to quiet her. It was of no avail, however, for at each question the sobbing was resumed. The tears made light streaks down the little chocolate coated countenance.

Finally the mother found her baby. She took the child from the store, and as she stooped to wipe away the visible signs of grief, she asked why the druggist had not been told the name and number. Here is what the listening clerk heard:

"I w-w-w-was, af-f-fraid he'd h-h-haugh."

The druggist realized he had witnessed a tragic episode in the life of a little stutterer.—Indianapolis News.

## ATTEMPT MADE TO BURN HAY

Believed That Mexican Discharged From the Ranch Started Flames

Orange News: A vicious attempt to destroy a large pile of baled hay belonging to the Eyraud ranch was made Friday evening and repeated Saturday evening, and in the latter event proved almost successful. Only the prompt discovery of the blaze, and the efforts of a large number of men prevented a disaster of great dimension.

The hay pile is located near the home of G. M. Bartley, east of El Modena, and the latter has been looking after the hay. After more than half has been hauled away, there still remains between 250 and 300 tons valued at \$3000. The stack stands scarcely 100 feet from the Bartley home.

At about 7:30 Friday evening a fire was discovered on the south side of the stack, but was extinguished with out a great deal of trouble. Bartley suspected that it was of incendiary origin, and Saturday evening came to town to be deputized as a constable and to have power to arrest marauders. While he was being deputized, a telephone call came from El Modena, saying that stack was again on fire.

Constable Jackson, Marshal Barnett and several others went hurriedly to El Modena and found that the fire had been put out. It had been a close call, however, for the hay pile and the destroyers' second visit had come near success. Mrs. Bartley had discovered the fire at about 7:30, and it was already blazing high. She sent a call to the El Modena store, and a large force was soon at hand. It was found that kerosene had been sprinkled over the lower bales, and set on fire. Bales were torn burning from the stack and water, which was fortunately at hand was used effectively, so that the fire was soon put out.

The cause of the malicious attempt is supposed to be hatred of some workman, presumably a Mexican, whom Mr. Eyraud has discharged, and who took this dangerous method of getting satisfaction. Armed guards were stationed about the stack, and it will be closely watched until it has been moved.

Had the attempt been successful, it is certain that the Bartley home would have been destroyed, as the stack is so close to the house that the latter would have assuredly caught fire.

**Motorcyclist Burned**  
Gus Harmon, of the Harmon & Coltraine blacksmith shop on North Glassell street, was severely burned last evening in Santa Ana by gasoline flames.

Mr. Harmon was starting his motor cycle and gasoline, which had dripped from a leaky plug to the lower part of his machine, flared up at the first explosion. Seizing a piece of cloth in one hand and some dirt in the other, Mr. Harmon attempted to smother the flames. The cloth caught on fire and being saturated with the gasoline, burned fiercely about his hand before he could unwrap and throw it away.

Both hands were burned and swollen, the left hand being a mass of blisters today. Mr. Harmon did not procure medical attention until today, and consequently suffered very much with the burns.

**For Bride-to-be**  
Mrs. Robert Northcross of West Chapman avenue, entertained at a pretty afternoon reception Saturday in honor of Miss Eleanor Northcross who, on the 28th of this month, will become the bride of Mr. William T. Powell, of Los Angeles.

Among the guests were several out-of-town friends, and many of the girlhood companions of Miss Northcross, their reunion of the day proving at event of the deepest pleasure.

To spend the afternoon each guest hemmed a tea towel, embroidering the initial "N," coupled with the initials of the worker. The towels were presented to Miss Northcross, accompanied by a hand-edited book, containing two of the best recipes in the possession of each one present.

A dainty three-course luncheon was served, the hostess being assisted by Miss Lucy Northcross and Miss Mildred Buchanan. The dining room decorations were of plumage and the place cards, handpainted, were the work of Mrs. Northcross.

The following were present: Miss Eleanor Northcross, Mrs. S. A. Salverson of Fullerton, Mrs. Hugh Hill, and Mrs. J. C. Joplin of Santa Ana, Mrs. J. Humphrey of Los Angeles, Mrs. H. S. Huff, Misses Sadie Sutton, Helen Fullerton, Amy Clark, Elsie Clough, Beatrice Dyer, Winnie Perkins, Mabel Reeves and Iva Reeves.

### LOS ANGELES PRODUCE MARKET

Although arrivals of fresh fruits were not heavy in the morning, the demand for all varieties was of more than normal size owing to the fact that buying at the end of last week was so light that grocers were left with practically bare shelves. A few prices were advanced but the average quotations remained unchanged.

Apple arrivals were 10,139 boxes. Several new varieties are expected in this week including Hoovers, Ganoes and Smith ciders. The bulk of the arrivals were Bellfleurs which sold at \$1.10 a 4-tier box. Jonathans were in good call at \$2 on fancy stock.

The late rains in the north have forced table grapes on the market with concessions by dealers resulting. Muscats of good quality were sold at 75 cents a lug box.

With the exception of the extremely late varieties of peaches, the bulk of the receipts are being supplied from storage. Free stone peaches were quoted at 90 cents a lug box.

Potato arrivals were 6480 sacks. The demand for spuds was good. The market showed considerable improvement over the latter part of last week. Salinas sold up to \$1.85 on extra fancy stock.

Onion receipts were 602 sacks. The market continued weak.

Sweet potato arrivals were 160 sacks. The demand for sweets was fair.

With only 110 cases of eggs received over Saturday and Sunday the market showed much firmness and case counts sold as high as 40 cents a dozen. There was a good demand for both Eastern and storage stock.

Butter receipts were limited to 13,892 pounds. There were fair sales of creamery extras at the regular established quotation of 29 cents.

Cheese receipts were 820 pounds, mostly from the north and from Oregon. There were no changes in the entire list and the demand prevailed best in Swiss imported, Eastern daisy and Northern full cream.

No bean arrivals were reported in change.

**Voiced His Sentiments**

The large proportion of voluntary American exiles belongs to the fair sex, but many of them insist on their husband's accompanying them, and these matrimonial martyrs, who come under the heading of the genus "hen-pecked," would greatly prefer to live in America. In this connection an American consul told a story which gives a picture of the hen-pecked husband. It was a Fourth of July gathering in a large hotel and the champagne had passed around when the consul, addressing Mr. A., who had been nine years in Switzerland with his wife without returning to America, said: "You must be delighted with your stay abroad, as you have remained so long."

"Delighted be damned," replied Mr. A., looking defiantly at his wife across the table. "I would rather live in hell."

The words were uttered in a loud voice and with feeling, and the general silence was broken by the speaker's wife, who, smiling sweetly, said: "My husband is slightly exaggerating the warmth of the place, but you must know we come from Pittsburgh."

Laughter saved the situation.

## IN THE JUSTICE'S COURT

TRANSFER TO  
OTHER COURT

David Stewart to Appear Before Judge Shirley at Huntington Beach

On the motion of the attorneys for the defense, the case of felonious assault against David Stewart of Huntington Beach was today transferred from the justice's court here to the justice's court at Huntington Beach. The charge was brought by Fred Spoonhauer, who asserted that his wife was attacked. Huntington Beach people are strong in their assertion that Stewart is innocent.

District Attorney West went to Huntington Beach this morning, and set the preliminary. Justice Fullerton of Orange will preside.

## Heavy Artillery

Mannel Silva of Los Alamitos ran up against the wrong kind of a man last night when he shoved a big revolver at Deputy Sheriff Jernigan. Jernigan and Sheriff Ruddock were at Los Alamitos. A horse standing beside the street started to walk away. Jernigan, thinking to stop the animal, reached for the lines when a Mexican jumped at him with a revolver. He ordered Jernigan to stop, which Jernigan did just long enough for Silva to point the revolver another direction when Jernigan captured man and gun. Silva was fined \$50 by Justice Cox for carrying a concealed weapon. The revolver was about as big as

WRIGHTS TRY OUT  
"BUZZARD" PLANE

Wind Unfavorable But Results Show Revolutionizing of Aerial Methods

MANTEO, N. C., Oct. 17.—Orville Wright, with Alexander Ogilvie and Lorin Wright as passengers, yesterday made four trial glides with his new buzzard-like aeroplane, which he believes will revolutionize aerial navigation. The wind was not favorable for successful flights. The longest glides were from sixty yards up. The glides were from sixty yards up. The machine was not in the air longer than twenty seconds in any flight.

The wind blew only eleven miles an hour and was not satisfactory from Mr. Wright's point of view. He said he much preferred a gale. From the conditions today, however, it was plain that the aviators have hit upon a plane that may change the present plan of flying. The idea is to drive a biplane through the air precisely as a sailing vessel is tacked through the water. The only difference is that the horizontal planes take the place of the vertical sails. That they respond to the pressure of the wind was apparent the moment the glider left the ground on its flight, as it headed directly into the air current and did not settle until the wind, becoming too weak to uphold the machine's weight and propel it forward, dropped it softly to the sand. Two slight accidents marked the flights. The first occurred the fifth time Mr. Wright left the crest of the hill, and the second on the following flight. Both were due to the fact that the rudder wires and elevating planes were not adjusted properly.

MARTINEZ IS  
THE MURDERER

Hernandez, Stabbed in Side, Died From Wound—Officers Deserve Credit

Isabel Hernandez is dead and Lorenzo Martinez is charged with his murder. That is the present status of the cutting scrape that occurred Sunday night in the Santa Fe section house on East First street. The officers here got half a dozen witnesses in jail.

Martinez, the accused man, was arrested Sunday night by Policeman Ryan. Ryan and Heard went to the section house. As Heard was entering the house, Martinez jumped out of a window, and Ryan and Heard gave chase. After a run of half a mile Martinez was caught.

For a time it was thought Ysidro Mendosa, a Corona Mexican, was the guilty man. Constable Squires and Deputy Law made a run to Corona, and by Law's clever work among the Mexicans Mendosa's house was located. Squires and Law laid in wait, and caught Mendosa.

At the inquest this morning it developed that the quarrel was between Martinez and Hernandez. Martinez gave Hernandez money to go out and buy a bottle of whiskey. When Hernandez returned, Martinez started a row for possession of the liquor and he stabbed Hernandez in the side. Hernandez died last night.

Deputy Constable Law by his understanding of Spanish and his hard work has been a great help to the sheriff's office. Sheriff Ruddock did not lose a minute's time at any stage of the game, and this Mexican murder is in the best shape possible from the standpoint of evidence.

BARN BURNED,  
HAYSTACK TOO

Fires of Unknown Origin Caused Two Calls to the Fire Department

The fire department was called out last night at 8 o'clock by a fire that destroyed the barn back of the residence of Dr. H. E. W. Barnes at 121 Orange avenue, and again at 10:30 o'clock this morning by a fire that destroyed a small pile of hay back of the barn at the home of W. W. Read, 402 South Birch street. It is not known how either fire started.

So far as known no one had been in Dr. Barnes' barn for an hour before the blaze was discovered by a neighbor, and the alarm turned in by telephone by Miss Barnes. The fence between the Barnes property and the property of Mrs. Luther Kellogg was torn down, and the firemen kept the blaze from spreading. The barn, and harness and some wood were destroyed, and a buggy was burned beyond repair. There was no hay in the barn, and no horse.

That the pile of hay back of the Read lot was affire was discovered by Mrs. C. W. Smith, and Mrs. Read called up the fire department. The firemen kept the blaze from spreading to a nearby shed. The hay destroyed was worth about \$4.

Ernest Zimmerman driving a Buick to the fire put on the brakes too hard, and in some way a fire was started in the pan of his automobile. The blaze was put out by blowing dust upon it.

Dr. Barnes' loss is about \$400; no insurance.

OF SUFFRAGISTS

Suffrage Campaign Inaugurated in Ohio; Jubilee Over Big California Victory

CINCINNATI, O., Oct. 17.—The greatest suffragist meeting ever attempted in Cincinnati was held at the Sinton Hotel last night, the occasion being the launching of a suffrage campaign and a jubilee celebration of the victory in California. Approximately 500 guests filled the spacious dining room of the famous hotel. Dr. Anna Shaw, president of the National Woman's Suffrage Association, Miss Eleanor Garrison, granddaughter of William Lloyd Garrison, and other prominent women were present. Addresses were made by prominent men of Cincinnati, including Judge Frank Gorman, Judge Dempsey and Attorney Charles Swain. The principal speech was delivered by Dr. Shaw, who said, in part:

"On the face of the returns from California I find that suffrage won by 2500. In all the privations occasioned by the wars, when woman suffered more than men, the only reward she received for her service was to have her name inserted in the United States constitution."

James Willis Rice desires to announce that he has resumed his class. Those desiring violin instruction may communicate with Mr. Rice at Tustin, or phone Red 2024.
